BLANKET OF SNOW COVERS PANHANDLE; FROST IS FOREGAST

MINIMUM OF SIXTEEN DE-**GREES REACHED IN TEXAS** SUNDAY NIGHT

(By The Associated Press.) The sun shone today over most of Texas and a blanket of snow over the Panhandle and the south plains was slowly melting, but frost was forecast as far south as San Antonio tonight, pos-

San Antonio tonight, possibly as far as the coast.

Automobile travel was still impeded in the Panhandle. Scores of motorists marooned yesterday had boarded trains to reach their destinations. Cold weather at Corsicana postponed opening of the Dallas Steers' training camp, but at Palestine a field meet for bird dogs began despite a rainy norther.

The freakish tradition of Texas weather was upheld at Lubbock, where lightning and thunder accompanied a snowstorm Saturday night. Snow ranging from seven inches to a foot remained today as the sun came out.

STOCK OLD LIQUOR

SEIZED IN CELLAR OF PHILADELPHIAN

PHILADELPHIA, March 2.—(P)
—The \$200,000 liquor stock of Daniel Dever, 80-year-old Philadelphian was under police lock and key today along with a varied assortment of wines and whiskies seized last week in private lockers at the Philadelphia Club and the Manufacturers' Club.

Dever's home in the West Philadelphia residential section was rilled yesterday by police. The aclogenarian had amassed a fortune in the wholesale liquor business long before the advent of prohibition and the big stock found in his cellar was said to antedate the Volstead act by many years.

A police checkup of the seized liquor recorded fifty barrels of old rye whiskey, 15 barrels of port and large quantities of such formerly well known brands as Old Monopole, Three Star Hennessey and Mount Vernon. In addition to benedictine, absinthe and other liquers there was a barrel of Scotch dated 1896. Dever sent a checker and guager to the police station to assist in listing the seizure. A police magistrate released Dever in \$1500 bail for a further hearing.

CENSUS FIGURES

WASHINGTON, March 2—(P)—
The city of Atlanta lost in the District of Columbia court of appeals today in its effort to compel the census bureau to report the population of the District of Columbia supremadamus against W. M. Stewart, director of the census.

The city had sought to have the bureau report a population of 380,691 instead of 270,360. The larger figure as the population of the "municipality of Atlanta" as created by afi act of the georgia legislature.

The court today held the census was exclusively within he authority of congress, that its director has been designated as the administrative agency through which that authority shall be exercised and that his decisions may not be controlled by mandamus unless arbitrafy or capricious. Steuard has expressed an intention of attaching a foot note to the Atlanta figure, calling attention, to the Georgia law creating the municipality, and its population.

MAJOR BUSINESS IS CLEARED FROM **CONGRESS CALENDAR**

ONLY ROUTINE MATTERS REMAIN FOR CONSIDER-ATION NEXT FOUR DAYS

WASHINGTON, Feb. 28. (P)—Congressional leaders claimed to have broken all records today with the calendar cleared of major business four days before adjournment.

The vital legislation of the short session all encated, the weary legislators turned to finishing odds and ends, with time to spare before the adjourning hour at noon Tuesday.

A veto by President Hoover of the meaure providing for government operation of the Muscle Shoals poer plant is awaited on Capitol Hill but leaders do not see enough votes in sight to enact this over presidential disapproval.

The drive for passage of the appropriation measures carrying \$4,000,000,000 for next year's operation of the government ended suddenly yesterday with approval of a conference report adjusting differences on the naval supply bill.

So anxious were the congressional chieftains to obtain passage of these bills to avoid an extra session this spring that they suspassed any previous legislative performance.

ed any previous legislative performance.

The second deficiency bill providing about \$100,000,000 to meet emergency legislation expenditures still is in conference but its passage early next week is expected.

Also, the constitutional amendment firing a new meeting time for congress is snared in a conference deadlock between the senate and house. Leaders were doubtful today of ironing out this dispute which revolves about the house provision limiting the second session of congress to four months.

Jack Floyd, deputy sheriff of Navarro county, who was in Limestone county Thursday, said there was considerable feeling against the blacks in the Kosse area. Deputy Sheriff Floyd and Bruce Nutt, chief of city detectives here, were in Limestone county Thursday and reported that they recovered considerable loot said to have been obtained by the trio in burglaries in this county.

It was reported late Thursday that Armstrong had been removed from the Limestone county Jail to some place for safekeeping, but Deputy Sheriff Floyd said the accused negro was still in the Groesbeck jail.

The cases in this county are set for trial in the Thirteenth judicial district court Monday.

The formal complaints for murder filled Thursday in Limestone

When You OVER-**INDULGE**

EVERY man, woman and child will occasionally over-indulge. But don't suffer for your indiscretions. It's folly to do so when you can so easily sweeten and settle a sour, upset stomach with a little Phillips' Milk of Magnesia.

Hearty eaters have long since learned the quick comfort this perfect anti-acid brings. Smokers know how it neutralizes nicotine; brings back a sweet taste; guards the breath. Women know what it does for nausea—or sick headache. And when children have over-eaten—are bilious, constipated or otherwise upset—give them a little of the

same, pleasant-tasting and milky-white Phillips' Milk of Magnesia.

You'll be through with crude methods once you learn the perfect way. Nothing else has the same quick, gentle effect. Doctors pre-scribe it for sour stomach, indigestion, heartburn, gas, nausea, head-ache. It has been standard with them for over 50 years.

Insist on genuine Phillips' Milk of Magnesia; a less perfect product may not act the same. The genuine is always a liquid—never in tablet form—and the name Phillips is always on bottle and wrapper.

Landscape Your **Home NOW**

DEAN OF NATIONAL HOUSE PASSED AWAY WASHINGTON SUNDAY

REPRESENTATIVE HENRY ALLEN COOPER OF WIS-CONSIN SERVED LONG

WASHINGTON March 2.—(P)—The dean of the house of representatives, picturesque 80-year-old Henry Allen Cooper of Wisconsin, died here yesterday.

The Republican Progressive who has sat in congress longer than any man now there, succumbed to acute indigestion soveral hours after taking part in a bitter house session Saturday night.

Cooper came to the house in 1893 from the first district of his state. He served until the Sixty-Sixth congress when his constituents turned upon him, he believed for voting against entering the World War, but he was back again the next term, and to stay.

Today the house paid him tribute with an adjournment of respect to his memory. A committee will represent congress in escorting the body back to Racine Wednesday.

He is survived only by his widow, Susan.

For-well over a quarter of a century. Henry Allen Cooper represented the first Wisconsin district in the house of representatives and with his reelection to the Sixty-Ninth congress became its oldest member in point of service and one of the oldest in point of years.

its oldest member in, point of service and one of the oldest in point of years.

Cally One Defeat.

His long period of succeeding terms had but one interruption, when, in 1918, his defeat was brought about by an attack on his war record. He was one of the half hundred house members who voted against American entrance into the World War.

This defeat was by less than 500 votes after Cooper's campaign was cut short by a severe injury in an automobile accident about two weeks before election day.

A warm supporter of the late Senator LaFollette, the veteran congressman twice served as a buffer between the regular and progressive factions of the Republican party. In 1923 the LaFollette group in the house blocked organization of that body by supporting him for the speakership until the regular Republicans acquised in a demand for liberalization of house rules.

In the summer of the next year he practically was booed and hissed from the Republican national convention at Cleveland when he presented several plants the LaFollette group sought to have incorporated in the platform. Later that summer, however, he received a different welcome in Cleveland when he again presented the views of the Wisconsin senator, this time to representatives of independent.

representatives of independent political movements.

Born at Walworth, Wisconsin, Sept. 8, 1850, Cooper was graduated from Northwestern University.

He attended Union College of Law to Chicago and borner provides at at Chicago and began practice at the bar in Racine, Wisconsin, which city he adopted as his home in 1875.

family. Trotsky's secretary seized two fire extinguishers belonging to the house but found both empty. When the Turkish firemen arrived they had no water, and the house burned while they debated what to do.

Trotsky was not able to save even a suit of clothes, but he did preserve some valuable letters from Lenin. Material for a book which he has been writing was lost as was his valuable library of hundreds of books. He managed to save a manuscript of a history of the Russian revolution which is about to be published.

He and his wife took refuge in a Frinkipo hotel, where he in-

CORSICANA WOMEN SENTENCED FEDERAL **COURT SATURDAY**

DALLAS, March 2.—Mrs. R. T. Engish, Grace Helen Henry and Sallie Mae Cummings, all of Cotsicana, were sentenced to one year and one day in the federal peni-tentiary in federal court Saturday for the alleged using the mails to defraud.

They were recently arrested in

They were recently arrested in Corsicana in connection with the sending of worthless checks to mail order houses for merchandise.

As they stood for sentence, Mrs. Henry and her sister began berating Mrs. English as being responsible for their plight. She was equally emphatic that they were to blame.

Contribution From Henderson Countian To Salvation Army

"Better late than never," reasoned the Henderson county man who recently mailed the Corsicana Salvation Army corps a letter containing one dollar as his contribution to the drive for funds sponsored by that organization in broadcasting the ArmyN-avy football game last Thanksgiving day as a means of raising money to help the unemployed of the country.

For COLDS

We all catch colds and they can make us miserable; but yours needn't last long if you will do this: Take two or three tablets of Bayer Aspirin just as soon as possible after a cold starts. Stay in the house if you can—keep warm. Repeat with another tablet or two of Bayer Aspirin every three or four hours, if those symptoms of cold persist. Take a good laxative when you retire, and keep bowels open. If throat is sore, dissolve three tablets in a quarter-glassful of water and gargle. This soothes inflammation and reduces infection. There is nothing like Bayer Aspirin for a cold, or sore throat. And it relieves aches and pains almost instantly. The genuine tablets, marked Bayer, are absolutely harmless to the heart.
